Balloon Rides Daily

Southern Tier Balloon offers flights in the Finger Lakes and Southern Tier region of New York 7 days a week. Departure times are just after sunrise and a couple hours prior to sunset offering spectacular views of the surrounding region guaranteed to take your breath away.

Flight Locations

We offer daily flights from:

- Ithaca, NY (Finger Lakes Country)
- Binghamton, NY (The Southern Tier)
- Owego, NY (Right on the Susquehanna River)

What to Expect

Every Southern Tier Balloon flight is a unique experience and has its own story to tell. Your flight will last approximately 45-70 minutes in the air. From start to finish, the whole experience lasts about 3 hours. As a guest, you will have the opportunity to help with the inflation of the balloon, take plenty of pictures and, of course, enjoy a safe landing (Fun fact: Balloons can't be steered!). The journey is complete with a traditional champagne toast back at the launch site.

Safety and Experience Counts

We at Southern Tier Balloon pride ourselves on making safety a priority for all passengers on every balloon flight. Since 2004, we have been accident free and had no injuries. We have the most experienced pilots flying for us with thousands of hours of flight time accompanied by a crew that has been around balloons the majority of their lives. They know how to make every trip safe and memorable for all parties involved. Safety is #1 at Southern Tier Balloon and our experience shows that.
